Report of Principal and School Improvement Council

Westview Elementary is home to approximately 522 third, fourth and fifth grade students known as the Westview Whales. At Westview Elementary, we have high expectations for both students and teachers. We are committed to the continued learning and growth of both.

Our teachers strive to provide the best possible education for our students. Through our Professional Learning Community, our teachers strive to raise the level of rigor, plan instruction based on standards, create common assessments to assess students and plan instruction based on individual student needs. Our key to improve student learning is through the continuous professional development for our teachers and staff.

The Positive Behavioral Interventions and Supports (PBIS) program creates a school-wide system of support focusing on teaching positive student behaviors and ultimately increasing student achievement. In addition, the RITZ (Reading in the Zone) and Roscoe Reading Program challenges students to become better readers by meeting their individualized reading goals and increasing their reading levels. The two reading programs are incentive programs designed to motivate and reward students for their reading achievements. Students receive additional time and support during the school day with small-group targeted instruction and assistance-based targeted computer programs. Westview Elementary also provides extended morning and after school care through our Whale Watch program.

Student achievement continues to be a top priority. Teachers utilize data provided by computerized MAP testing (Measures of Academic Progress), PASS, AIMS Web and Success Maker to identify students' strengths and weaknesses. Classroom curriculum is also enriched with technology by incorporating SMART boards, Elmos and Lumens, student-response systems, interactive, wireless mobile tablets, Netbooks, and iPads. WVE also utilizes two networked computer labs that provide individualized skills practice, Microsoft Office and keyboarding skills.

Through our shared purpose, vision, commitment and goals, the Westview staff, parents, and community will continue to work diligently to ensure every student's success in 2012-2013.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
